THE ELF SERIES

ELF-20 TOP LABELER

ELF-50 WRAP AROUND LABELER

ELF SERIES LABELER is the most economical and efficient in terms of capabilities. The aluminum and stainless steel design makes it portable and durable. The user friendly operating system and microprocessor controls has many added features that can boost production efficiency.

ELF series is the smart choice for the small production runs when efficiency and equipment cost is the major consideration. ELF series labelers is the best helping hands available.

- ◆ Labeling counter: Keeps track of the quantity of products processed by the machine.
- ◆ Pre-set counter: A quantity can be preset for a production batch and the machine will automatically stop as the quantity is attained.
- ◆ Label position set: Used to delay label application and adjust label position by simply touching the control screen.
- ◆ Five memory slots: For fast and easy label set-up.
- ◆ Printer interface: Future installation is accommodated by the printer ports which provides timing controls for flexibility and clear quality prints.
- ◆ Stepper motors are used to provide fast and accurate labeling.
- ◆ Modular design concepts for fast and simple maintenance.
- ◆ Flexible enough to handle production schedule changes with simple adjustments for rapid changeover. Extra value!

Manufactured by:

PACK LEADER MACHINERY INC.

Taiwan, R.O.C.

ELF-20 TOP LABELER

Power Source	110V / 50HZ/60HZ 1 Phase
Power Consumption	4 amps
Driver	2 Phase Stepper Motor
Dispensing Speed	16 m (630") / minute
Conveyor Width	150 mm (6")
Product Height	180 mm (7") Max
Label Height	100 mm (4") Max
Label Reel Inner	76 mm (3")
Label Reel Outer	250 mm (9 7/8")
Space Between Label	3 mm (1/8") Min

ELF-50 WRAP AROUND LABELER

Power Source	110V / 50HZ/60HZ 1 Phase
Power Consumption	6 amps
Driver	2 Phase Stepper Motor
Dispensing Speed	16 m (630") / minute
Conveyor Width	150 mm (6")
Product Diameter	Max. 140 mm
Label Height	Max 120 mm
Max Label Length	300 mm (11 3/4")
Label Reel Inner	76 mm (3")
Label Reel Outer	250 mm (9 7/8")
Space Between Label	3 mm (1/8") Min

Optional:

Taiwan made hot stamp coder—requires air
